PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience in building responsive and interactive web applications using HTML, CSS, JavaScript, React.js, REST APIs, and Fetch API. Passionate about creating clean, user-friendly interfaces and integrating real-time APIs. Quick learner with strong problem-solving skills, seeking an opportunity to contribute and grow as a Frontend Developer.

TECHNICAL SKILLS

Languages	: HTML5, CSS3, JavaScript (ES6+)
Framework	: React.js
Web Technologies	: REST API, Fetch API, Responsive Web Design
Tools	: Git, GitHub, Vercel, VS Code

PROJECTS

Counter Application (Live Demo in Portfolio)

- Built an interactive counter application using JavaScript DOM manipulation and event handling.

Weather Application (Live Demo in Portfolio)

- Developed a weather application that fetches and displays real-time weather information using a Weather REST API.

YouTube Clone (Live Demo in Portfolio)

- Built a responsive YouTube-inspired web application using React.js with reusable components.

Map Application (Live Demo in Portfolio)

- Developed an interactive map application using React.js integrated with real-time location APIs.

Movie Hub (Live Demo in Portfolio)

- Created a React.js movie application that fetches and displays movie information using the IMDb API.

AI Hyper Car Showroom (Live Demo in Portfolio)

- Developed a modern 3D car showroom using React.js, Three.js, and React Router with interactive car models.

CERTIFICATIONS

- JavaScript Certification
- Frontend Technologies Certification
